Chippily Print on Demand

Time-saving solutions to meet customer expectations

In an Amazon-obsessed world, customers expect to receive their orders almost instantly.

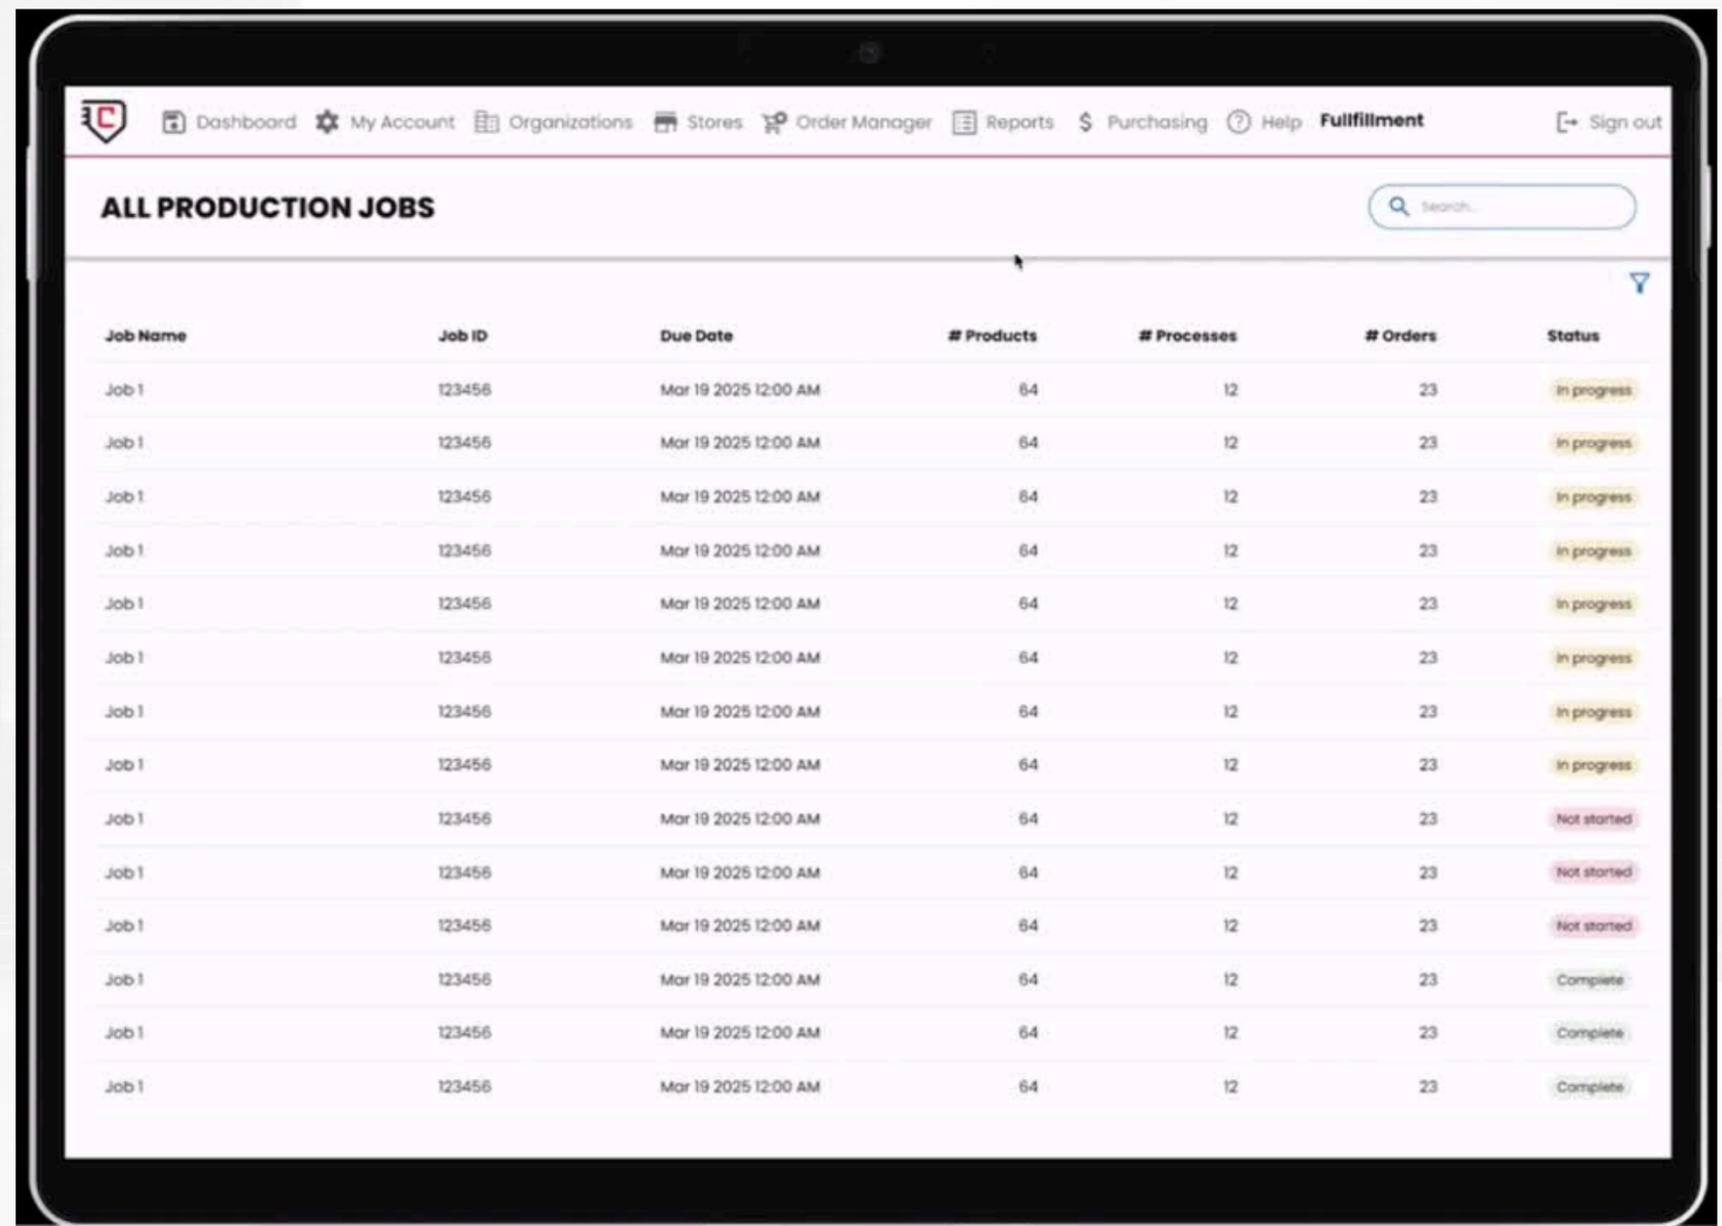

A fragmented supply chain wastes your time and money.

That's where Chippily comes in.

Store & Share Print-Ready Files

Automatically send both orders and artwork for production in a single click with Chipply's robust integrations.

The screenshot displays a web dashboard interface for managing production jobs. At the top, there is a navigation bar with icons and labels for 'Dashboard', 'My Account', 'Organizations', 'Stores', 'Order Manager', 'Reports', 'Purchasing', 'Help', and 'Fulfillment'. A 'Sign out' link is located in the top right corner. Below the navigation bar, the main heading is 'ALL PRODUCTION JOBS', followed by a search bar. The table below lists production jobs with columns for Job Name, Job ID, Due Date, # Products, # Processes, # Orders, and Status. The status column uses color-coded labels: 'In progress' (yellow), 'Not started' (pink), and 'Complete' (grey).

Order Tagging

Batch processes to streamline print on demand production and tracking.

The screenshot displays a software interface for managing orders. At the top, there are navigation tabs for Sales, Fulfillment, Accounting, Reports, and Assets. The main section is titled 'Stores' and includes sub-tabs for Stores, Templates, Requestors, and Store Requests. Below these are filters for 'All Stores' and 'My Stores', along with a search bar and a filter icon. Summary statistics are shown: 112 Total Stores, 1,000 Total Orders, and \$3,500 Total Sales. The main data is presented in a table with columns for Sale Order, Status, Open Date, Close Date, Name, Tags, Type, Contact, Salesperson, Password, Orders, and Sales. The table contains 14 rows of data, all for 'Field Hockey Team' orders with 'Batch02' tags and '+4' counts. The statuses vary, including Production, Scheduled, Open, Closed, Backordered, and Complete.

Track In-House Dealer Inventory

Chippily's legendary inventory tracking — Now including inventory that's on-site or in-stores.

The screenshot displays a software interface for tracking dealer inventory. The top navigation bar includes 'Sales', 'Fulfillment', 'Accounting', 'Reports', and 'Assets'. The main section is titled 'Products' and features a search bar and a filter icon. Below the navigation, there are tabs for 'Default' and 'Inventory'. The left sidebar lists several 'Men's Team Legend Short Sleeve T-Shirt' items, each with a small image and the text 'Under Armour | 123425'. The main area shows a detailed inventory table for these items. The table has columns for sizes (XS, S, M, L, X) and rows for different product variants (e.g., Black BK). Each cell in the table contains 'D' and 'V' values, with some cells highlighted in red to indicate low inventory levels. The table also includes a 'Dealer Inv. Threshold' and 'Vendor Inv. Threshold' set to 4.
